Rooms & Suites

The luxury of simplicity

In each room and suite, there is a **perfect blend of contemporary and provençal tradition**. Wood, linen and cotton fabrics... It is in this play of materials and colors that harmony and serenity reign.

Each room is decorated in a unique way, in ever delicate tones and soft shade of beige. The painter **Yves Boussin created the paintings that adorn the walls**, exclusively for the hotel.

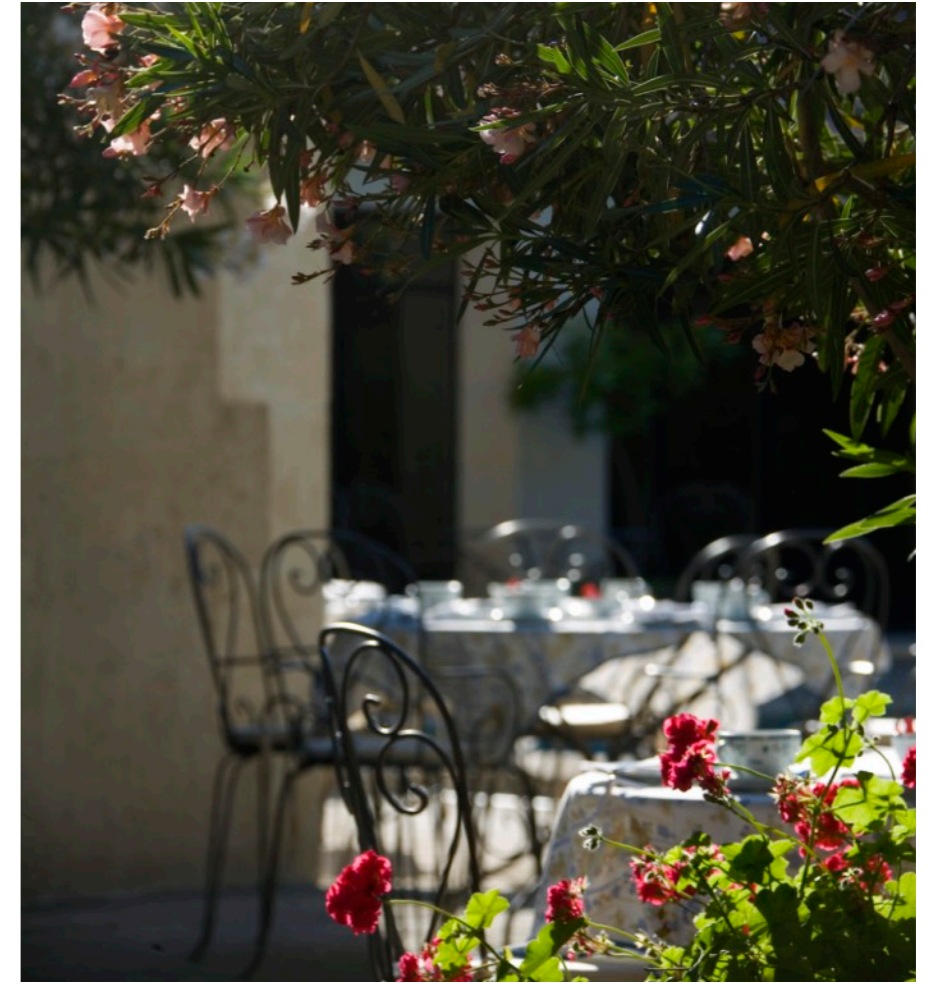

Contemporary furnitures by Grange, Flamant and Villa Alys lamps blend perfectly with antique provençal pieces sourced from local antique dealers and brocanteurs. Faucets by **Grohe**, curtains and various designs signed by **Pierre Frey** and **Casal**, luxurious wooden floors...

Particular attention is taken to every detail and all the materials used are of high quality.

The Provençal bastide, which is the hotel's main residence, offers rooms and suites on the «Côté Bastide» side. They are located on the ground and first floors. The rooms and suites « Côté Jardin » are situated in a second building at the heart of the natural park. Their private terraces and balconies have a magnificent view of the Mediterranean gardens.

Gastronomy

The restaurant

Benvengudo's gourmet restaurant is in harmony with the rooms. When you walk through the restaurant door you enter a room bathed in light where even the paintings match the natural shades of beige that are present on the round tables. This place is both an intimate and convivial place.

The Chef

More than a profession, cooking is a real passion for the Chef Sullivan Le Ternuec. Always in search of new flavours, he is inspired by his travels, especially in Asia, but also by the rich Provençal terroir. His cuisine strives for the perfect balance between custom and avant-gardism. **He is strongly attached to seasonal products and ensures that a strong bond is maintained with the local producers.** The Chef enjoys cooking as much as he does choosing his fruits and vegetables on the markets of Provence and picks the aromatic herbs himself in the hotel's garden.

The regional cuisine

Benvengudo is a real culinary experience where cooking is an art. Chef **Sullivan Le Ternuec** puts all the colors and flavors of Provence on your plate ! The restaurant offers a short menu with **exquisite dishes** accompanied by a very **fine selection of wines**, particularly from surrounding wine-growing estates.

«Be inspired every day to please guests with the flavors I bring to the table and offer them what they deserve: good products, precise cooking and attention to details», this is the philosophy of Michel Mehdi.

Organizing your business events

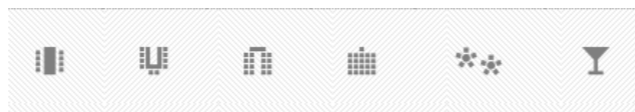

The art of Provençal hospitality

Meeting room with the charm of Provence

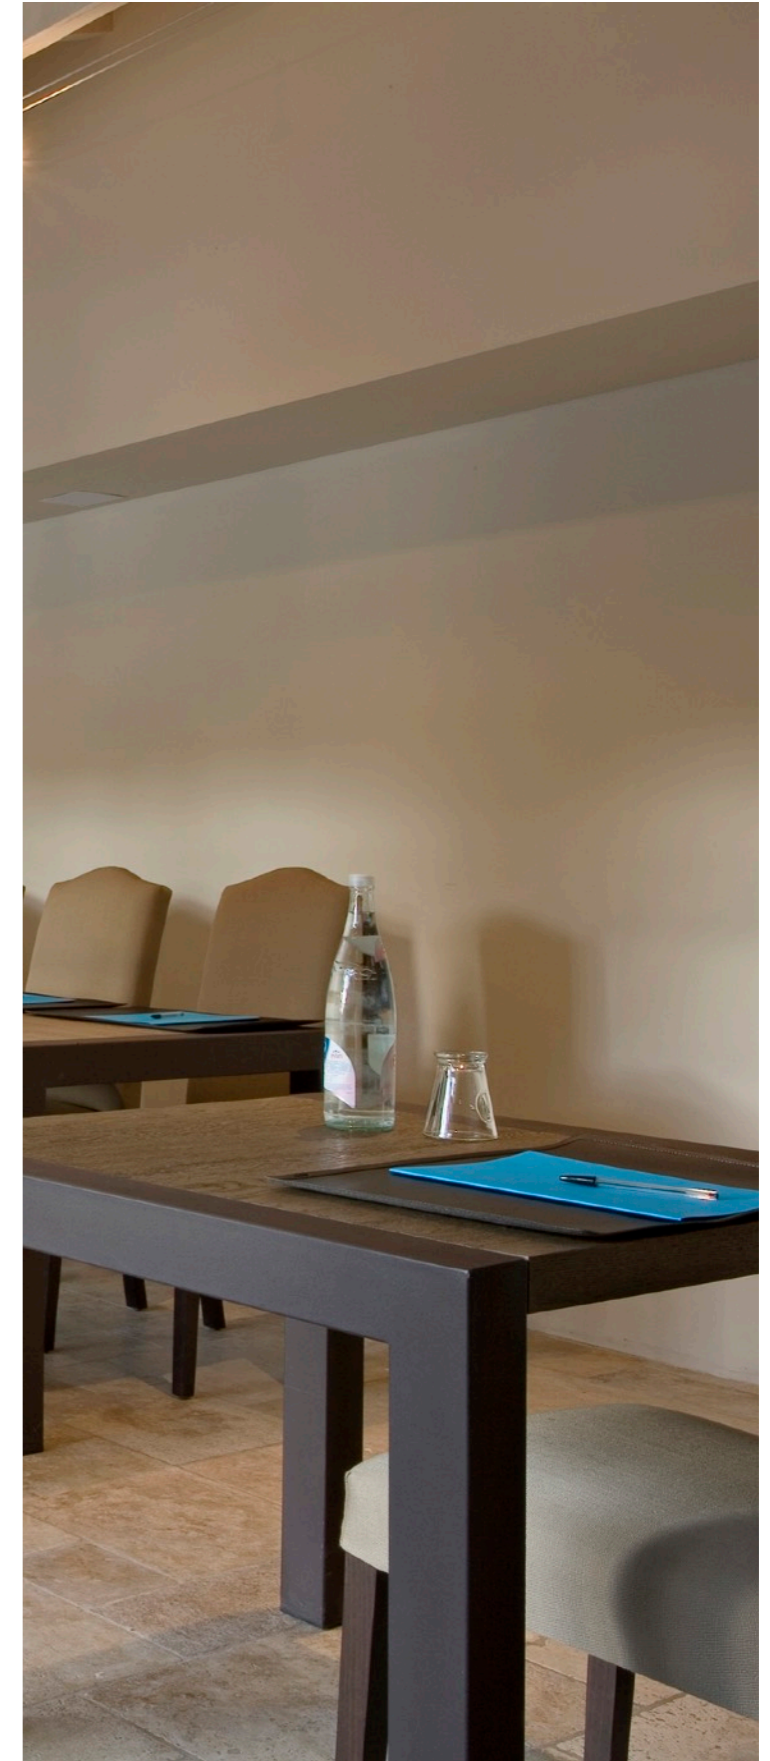

Benvengudo Hotel offers a 72m² meeting room that can accommodate up to 50 participants. Once used to protect citrus fruits and plants from the frost in winter, the **Orangerie** has **preserved all its former charms**. Its large bay windows offer a superb view of the hotel's Mediterranean garden and let natural light in. There is also a large fireplace that warms the atmosphere. In summer as in autumn, the Orangerie is always cosy and convivial.

A dedicated team and excellent service

Whether it is a corporate or private event, each guest can fully enjoy a **pleasant Provençal atmosphere** and spend unique moments. Beyond the authentic landscapes, **lavender fields** and **olive groves**, its the warm welcoming and enthusiasm of the entire team that make these moments memorable. **Dynamic** and dedicated, the Benvengudo team guides its hosts and does everything possible to ensure an **unforgettable experience**.

A wide range of services

A Provencal breakfast

Start your day with a **delicious breakfast** by the pool, in front of our Mediterranean garden. Served in the form of **buffet** from 8 am to 10.30 am, it includes the best **products from the region**. Time no longer matters here and you can enjoy a stress-free stay to the rhythm of Provence.

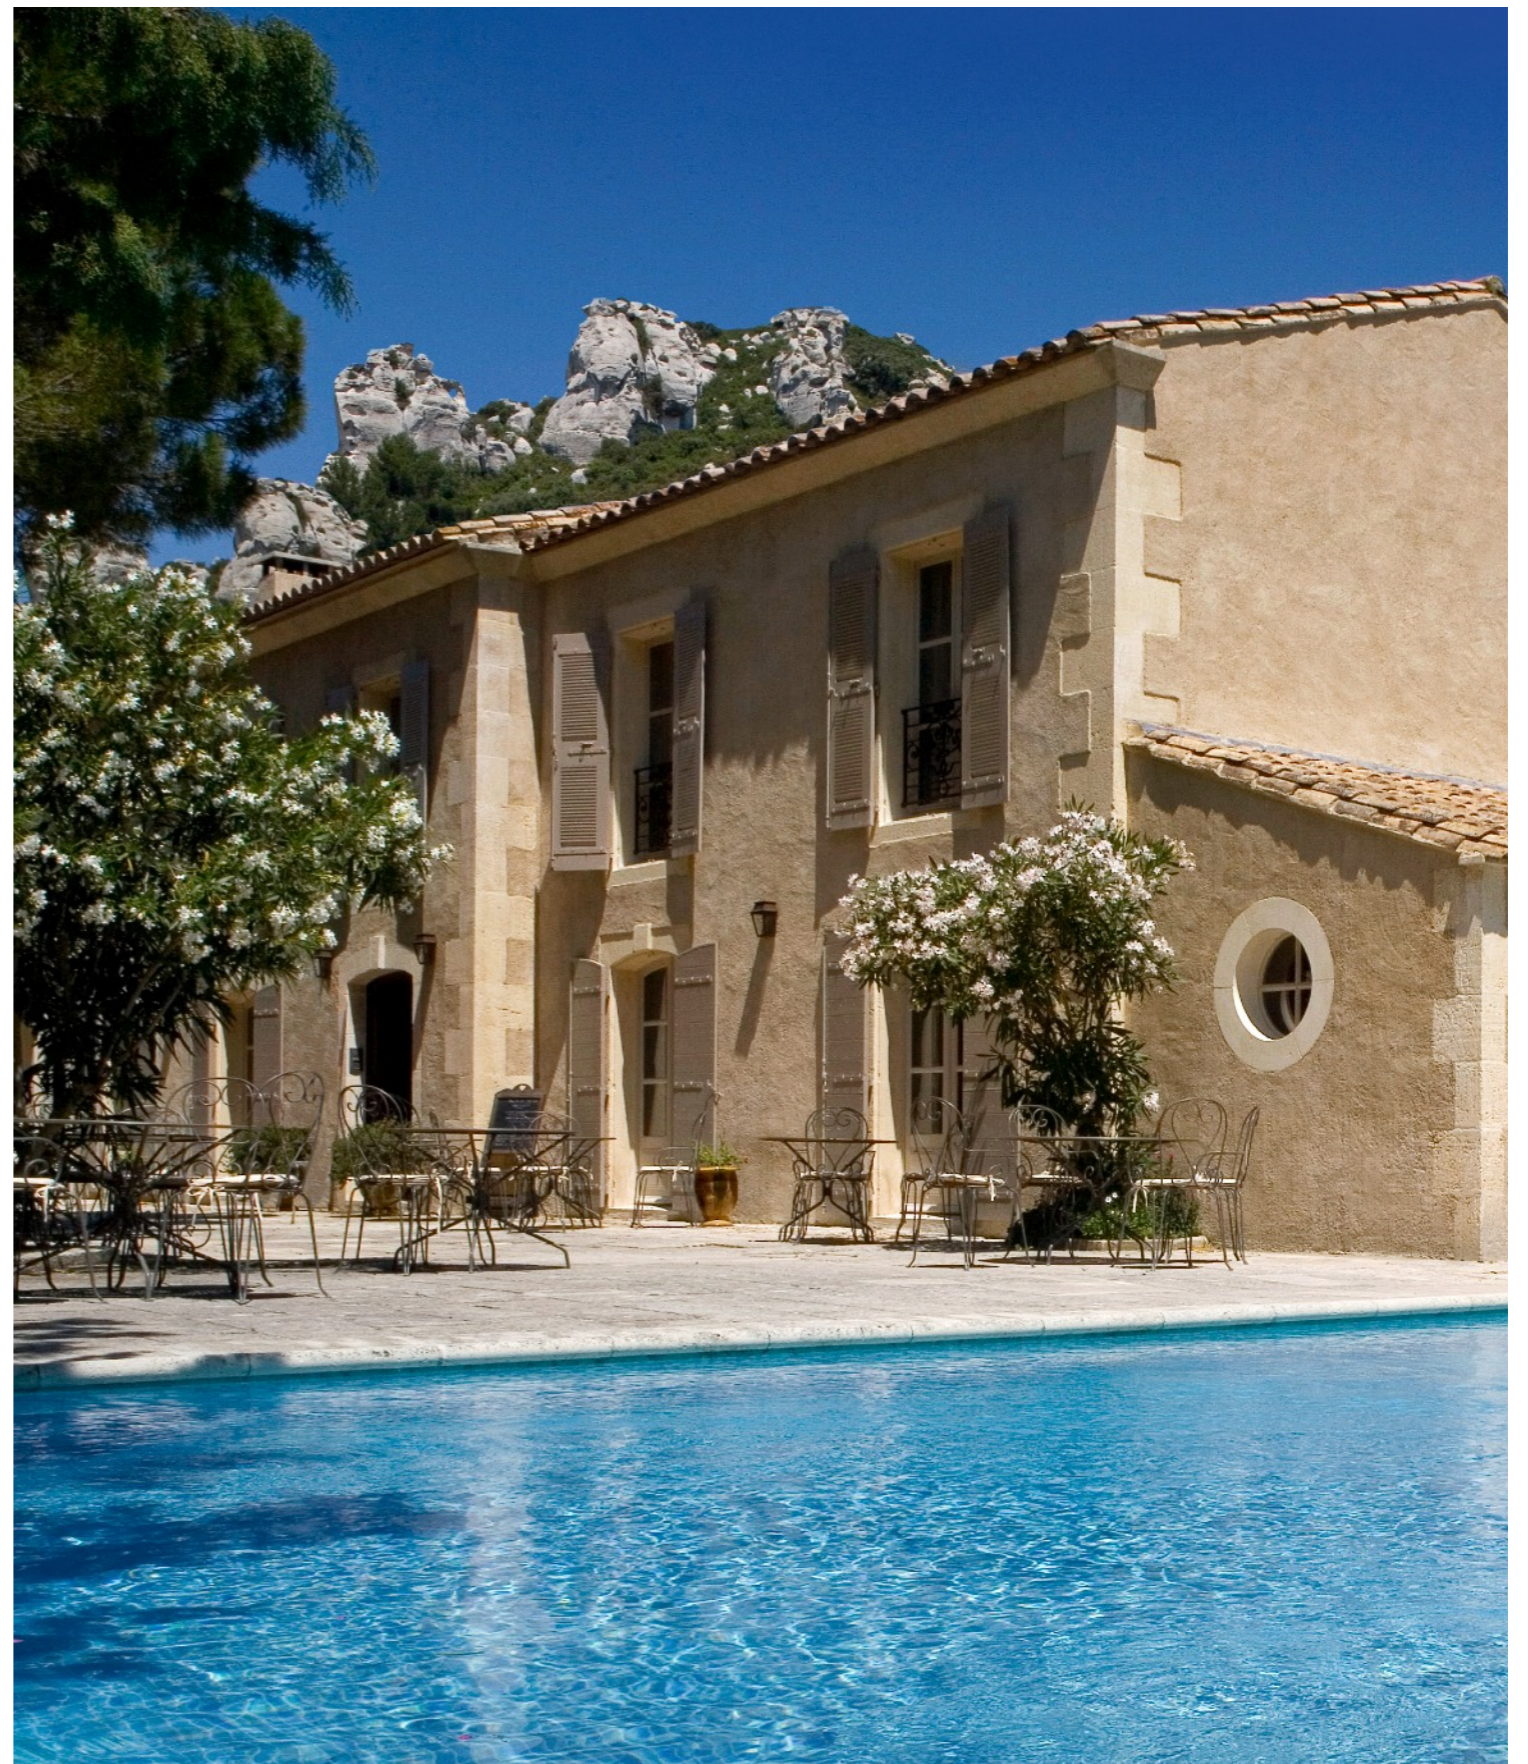

An outdoor swimming pool

Benvenuto cultivates idleness as an art of living. To relax after a day spent discovering the jewels of Provence, to appreciate the sun and the song of the cicadas while sipping a cocktail, or simply to indulge in the moment, there is no better place than the pool.

Sport facilities

Sport enthusiasts will be happy to find themselves on a **tennis or pétanque court**.

At **Benvenuto** you will find all the charms of Provence right down to the boulodrome. Each game is a time of interaction and conviviality: we play, we talk and we enjoy. Life is sweet under the Provençal sun, the cicadas sing and the lavenders spread their perfume at the mercy of the mistral. It is almost like being in a book by Pagnol...

Tailor-made activities

Cohesion in Provence

Our team will be happy to organise **activities** for your group, such as **wine and oil tastings, craft workshops, guided tours** or nature walks in the surrounding villages and towns, etc. Located in the heart of Provence at an altitude of 245 meters, at the top of a rocky hill you can explore the valley and the entire **Alpilles region** on foot, by bike (including electric) and even on horseback.

Provence is also very popular for golf lovers. Several golf fields are within one hour's drive from **Benvenuto**. **Manville** golf course is only 3 minutes away the hotel. **Servanes'** 18-hole golf course is entirely traced in the heart of the Alpilles massif and located only 12 kilometers from the Benvenuto.
